

Now Enrolling for Summer 2018

— *Enroll Now* —

Summer Day Camp

This program provides a stimulating, safe environment for school-age children to accelerate their skills as learners with enrichment activities, games and supervised small groups. Instruction will include: Daily Activity, Reading and Writing Enrichment, Math Acceleration and STEAM Activities. Class size is limited to allow for individual instruction. Designed by experienced and highly qualified instructors to match Common Core requirements. Camp will be held Monday-Friday. One snack is included!

Summer Bridge

Reinforce your child's academic development while away from school. This program lets your child practice the skills from their current school year and get a head start on their next grade level. Daily activities include reading, writing, mathematics, and language arts with bonus activities in core subjects like geography, science, or history.

Kinder Readiness

Evaluate children in a range of developmental tasks from self-care skills to your child's ability to communicate and listen. Gross Motor skills, Fine motor skills, Cognitive skills, and language will be the main points. We can then base a academic plan in place that will get students on track for kindergarten.

Intro to typing

Intro to typing is a nine hour summer course designed to help students develop speed and accuracy by learning the touch operation of alphanumeric/ keyboard characters. Emphasis is placed on the following: mastery of the keyboard with desirable keyboarding techniques; development of speed and accuracy; and proper care of the equipment. Keyboarding is foundation for developing entry-level skills for business careers.

Summer In Spanish

Introduces your child to basic words common phrases and beginner conversations with the use of creative instruction and activities everyone is required to have a foreign language for high school and college and this class provides the early start program for everyone in elementary through High School!

Summer STEM

Our STEM Program, instructed by our academic coaches, includes STEM lessons that use hands-on activities focused on fun, real world experiences. Though hands-on activities and STEM challenges, children will think, construct, experiment, discover and develop the desire to learn lots more! Every week, they'll learn something new and explore a different kind of fun!

Early Learn To Read Program: Reading Rascals

Make reading fun and easy by developing your child's comprehension and phonics skills. Available in three levels designed for teaching first-time readers, as well as accelerating beginner readers to an intermediate level. Ages: 4-8

Summer Book Club

Read up and meet to discuss a book or the books that the group has read and express their opinions, likes, dislikes. Learn new reading styles and perspectives of books from kids, teens, and adults point of view.

SAT/ACT/GED Classes

It's not just about knowing what's on the test; it's about knowing how to take the test. Our experienced instructors will help you identify and excel at the most common type questions on the exam. They will share the proven strategies that will help you tackle your exam like a pro. Contact us for start dates, times, and pricing! **7 Hour Boot Camps are also available**

How to Make Comic Books

Let us show you all the necessary tools and tricks for not only telling great stories, but for doing so in the comics medium—the language of comics, how to format your scripts, the tools of the trade! You will conceive, outline, write, and rewrite a comic book script, just the way the pros do it!
